RE-LAUNCH ARLINGTON HEIGHTS BUSINESSES FUND

WHAT IS THE RE-LAUNCH FUND?

The fund is designed to support existing Arlington Heights businesses with grants to cover re-launch expenses to help them reach profitability sooner. Grants and eligibility will be decided with the help of those who contribute at the community builder and investor levels.

Your donation will not qualify for a charitable donation; however, it will help the economy in Arlington Heights recover sooner.

The Arlington Heights Chamber of Commerce is your local business community coming together as an organization to help each other succeed in business.

Your business community needs your financial help to re-open and become successful again.

The Chamber board of directors is made up of local business owners and business professionals. A special Re-Launch Fund has been opened to provide grants to Arlington Heights businesses.

BECOME A RE-LAUNCH STAKEHOLDER
